BLUNT FAMILY

The traditional three brothers who came to Virginia seems to be true in reference to the Blunt Family, for in the earliest records of Surry and Isle of Wight now extant, we find three Blunts, James who left one transaction on the Isle of Wight records before pushing on into North Carolina where he became the progenitor of the distinguished family of that name, he retained the English form of spelling the name, Blount; William, who died in Isle of Wight, altho he is on the list of Bacon's followers in Surry and Richard who died quite early in Surry County.

Richard Blunt married Mary, who is accepted by some genealogist as being Mary Flood the daughter of Col. John Flood, who was an early Burgess, others claim that there is not enough evidence to support the claim. The Order of the First Families of Virginia accept her as being of this name and the Colonial Dames do in some states.

Richard Blunt was dead by 1656:

We whose names are signed are choosen arbiters between Capt. George Jordan, attorney for Mr. James Jauncey, Merchant, who is attorney for Mr. Thomas Marsh the administrator aganst Mary Blunt the relict of Richard Blunt decd. etc.
19th of 9ber, 1656. Surry Bk. I, p. 91.

The records prove she married next Charles ffoord.

She married John Washington by 1658.

Marriage contract between John Washington and Mary ffoord, widow ----- to be delivered unto Thomas Stanton, Flerke, feoffe etc. ----- a filly to be delivered to Thomas Blunt, for the use and behoof of the said Thomas, the son of the said Mary, when he shall attain the age of ten years.

The above William Browne, married Mary the daughter of Henry
Browne and was probably a nephew. William Browne was a
Justice, styled Major, then Lt. Colonel, in 1687 Sheriff and
a Member of the House of Burgesses 1676-77-79-81-82.

Colonel Henry Brown of Four Mile Tree, was a Member of the
Council 1634-60, born in England, died in Virginia. He mar-
ried Ann, probably a daughter of Francis Fowler. Issue:
Berkeley, who appears to have died without issue and Mary,
who married William Browne.

Thomas²Blunt(1656-1709),m.1st.Elizabeth?

m.2nd.Mrs.River Jordan(nee Priscilla Browne)(d.1733)

(NOTE-Thomas Blunt was apparently born in November 1656 so his parents were probably married early in 1656. They may have been married earlier for, although there is no record of another child, it is not impossible that Richard Blunt and Mary Flood may have married, say in 1653, and have had a daughter born in 1654 who died in infancy.)

Official records show-

Richard Blunt of Virginia, then 36 or thereabouts, made a deposition (in regard to a runaway servant) in Maryland January 15, 1651/2. (Maryland Archives, Vol. 10, p. 133).

Richard Blunt, Jno. Hux, etc. on 3d 9ber 1653 on special jury called to inquire into cause of a death. (Surry County Records, 1645-1672), p. 31

Richard Blunt and Nich. Perry on Dec. 18, 1655 witnessed deed by Alice Carter.

(Ibid, p.).

Mary Blunt, relict of Richard Blunt decd. mentioned 19th 9ber 1656.

(Ibid, p. 91).

"The Blounts of Isle of Wight County", by J.F. Crocker, 1915, shows-

"The first mention of any Blount I find in the Records of Isle of Wight County is in the following entry: July 9, 1687- Inventory of William Blunt by Edward Cobb, who married his widow. (Book 2, p. 258). This Edward Cobb who married Dorothy, the widow of William Blunt, was the son of Nicholas Cobb to whom was issued June 17, 1664, a patent for 900 acres in "Little Neck", of Isle of Wight County. In 1691 Edward Cobb and Dorothy his wife conveyed this land to Andrew Woodley.

"The next entry I find is the following: June 11, 1688, Account of Sales of Richard Blunt. (Book 2, p. 293). I do not know what relation he was to William Blunt, but this Richard Blunt is the ancestor of the Blunts of Blunt's Castle. He is referred to by John Screws in his deed of November 26, 1690, as Richard Blunt, Jr. his cousin."

----- COPIED FROM NORTH CAROLINA CHURCH HISTORY -----
WRITTEN BY HON. KEMP PLUMMER BATTLE.

During the reign of Charles 2nd, three sons of Sir Walter Blount, prominent Cavalier during Civil Wars, descended from the Le Blounts who were trusted officers of William the Conqueror, immigrated to America. One settled in Virginia: James and Thomas in North Carolina.

THOMAS was either the immigrant or his son. His son, Jacob Blount, moved to Pitt County and resided on a plantation named "BLOUNT HALL". Jacob was constantly a Vestryman of Christ's Church, Craven, and a member of the Provincial Congress of our State during the Revolutionary struggles. He left distinguished sons; William Blount, United States Senator: also Governor of Tennessee when a territory: John Gray Blount; General Thomas Blount a Revolutionary Officer and member of U.S. Congress: Major Reading Blount, also Revolutionary Officer: Willie Blount, Governor and Judge of the Supreme Court of Tennessee.

The last WILLIAM AUGUSTUS BLOUNT was the son of John Gray Blount.

John Blount (son of James Blount who settled in Albemarle in 1669) a Vestryman 1701 - was supporter of the Parish: also acted as Reader - died 1725.

Colonel John Blount (son of John Blount) of "MULBERRY HILL", seven miles from Edenton, North Carolina, was prominent in civil as well as in Church matters and his daughter, Mary Blount, married the first Bishop Elect, Dr. Charles Pettigrew.

The elder John's youngest son, Joseph Blount, took up the mantle of his father. He was one of the Commissioners of the port of Roanoke. He transmitted his name to his son who was a Warden of the Church and a member of the standing Committee of the Convention which elected Doctor Pettigrew. The name of JOSEPH BLOUNT has been given to his grandson, who gave fifty years of devoted labor to the Church of his ancestors, Rev. Joseph Blount Cheshire: also to his great-grandson Joseph Blount Cheshire of the sixth generation from the vestry of 1701.

JOHN BLOUNT and CAPTAIN THOMAS BLOUNT were on the Vestry of Chowan 1701: first vestry ever appointed in North Carolina: found in the Vestry Book of St. Pauls, Edenton, North Carolina. They met at the house of Mr. Thomas Gilliam.

Rev. Nathaniel Blount built Blount Chapel in 1773, now Trinity Chapel, Chosowinity, Beaufort County, North Car. Chocowinity was the residence of his father, Major Reading Blount. He was buried there in 1816.

(2) The "Life of William Blount", by General M.J. Wright, states that, according to tradition, three sons of Sir Walter Blount, Baronet, of Sodington, emigrated to Virginia. One remained in that colony, and "left a long line of descendants"; the other two removed to North Carolina. Of the latter, Captain James Blount settled in Chewan about 1669, and was a member of the Council, and Thomas went to North Carolina a little later. The only family of Blunts in Virginia having a "long line" was ^{that} resident in Surry and Southampton and this must be the one referred to by General Wright. Of the truth of the claim as to the English descent, no evidence has been presented. The earliest mention of the name noticed in the Surry records is in a deed from John Washington, who, when about to marry Mrs. Mary Ford, widow, makes provision for her son, Thomas Blount. It appears by a deed from Thomas Blunt and his halfbrother, Richard Washington, dated 1678, that their mother married, secondly, Charles Ford, of Surry County. Thomas Blunt appears to have been married twice, first to a daughter of Henry Briggs (who, in his will, dated September 26, 1681, names his wife, Margerie, son-in-law, Thomas Blunt, &), and secondly, Priscilla, daughter of Colonel William Browne, of "Four Mile Tree", Surry (whose will, dated December 9, 1704, names his daughter, Priscilla, and her husband, Thomas Blunt.) The will of Thomas Blunt, of Southwark Parish, Surry, was dated September 21, 1708, and proved March 7, 1709. Legatees: Howell Edmunds, and Elizabeth, his wife (daughter of said Thomas Blunt), 100 acres; son, Thomas Blunt, lands** on Blackwater, "where I live"; son, William, the remainder of the land "where I live", also "my old plantation"; son, Henry, 210 acres on Nettoway River; John Flood and Mary, his wife, 100 acres; Howell Edmunds and Joel Barker, land; wife, Priscilla, \$25 current money, two ~~Page 203~~ negroes, &., & (doubtless in addition to dower), and appoints her sole executrix.

There is in Surry a deed, dated 1724, from Richard Blunt, of Surry, to his sister, Ann, wife of Edmund Irby, of Prince George, conveying 510 acres on Blackwater (where said Richard lives, which was patented by Thomas Blunt in 1701. The will of Richard Blunt was dated April 12, 1747, and proved in Surry June 16, 1747. Legatees; Son, Richard, the land "I live on", 800 acres, and also anew survey adjoining, &., &. to Mr. Nicholas Edmunds, all of testator's lands on the south side of the Great Creek, providing he gives testator's son, John, the like quantity adjoining testator's lands on the north side; sons, John and Benjamin, daughter, Mary Irby, daughters, Elizabeth and Lucy Blunt, John Irby, cousin, William Blunt, wife, Ann.

The family was prominent in Southampton and adjoining counties, but only a careful examination of the county records could furnish any fairly complete genealogy. The will of Benjamin Blunt, doubtless the son of Richard, (whose will has been given), was dated July 4, 1750, and proved in Southampton May 14, 1752. Legatees: sons, William, John and Benjamin, wife, brothers, Henry Blunt, and Henry, Thomas and John Person, Sr. William Blunt and Mary Person were married in Southampton in February, 1756. They were doubtless cousins. John Person was one of the first justices of that county in 1749. The will of Henry Blunt (doubtless another son of Richard) was dated January 16th, and proved in Southampton September 14, ~~1858~~ 1758. Legatees: son, Thomas, daughter, Mary, wife, Sarah.

The will of Thomas Blunt (who was probably the son of Henry) was dated September 26, 1777, and proved in Southampton March 12, 1778. Legatees: wife, Ann, sons, Henry, Joseph Gray Blunt, Edward, William and James; daughters, Sarah, Elizabeth and Ann Blunt. Wife and friends Edwin Gray and William Thomas, executors. His wife, Ann, was a daughter of Colonel Joseph Gray, of Southampton County.

Colonel Richard Blunt (son of Richard, whose will has been given) settled in Sussex, represented that county in the House of Burgesses in 1772 and 1773, and died in April, 1774. His will was dated June 29th, and proved in Sussex May 19, 1774. Legatees: wife, Jane, the land he lived on, 1683 acres, for her life, with negroes, &. also his Galloway tract in Surry, 669 acres; son Colin, his Seaury tract and other land; son, Thomas; son, Richard. (About 1766 my brother John Blunt made me a deed for the greatest part of his estate, on condition I engaged to pay (which was done by bond, recorded in Brunswick County) \$30 per annum to him for life"; now makes provision for such payment; daughter, Dolly, friends, William Blunt, William and Michael Nickelsen, and son, Thomas Blunt, executors.

** On Cat Tail Swamp and Seacock Swamp; son, Richard, part of the lands.

P. 204.

The inventory of the personal estate of Colonel Richard Blunt amounted to \$460.2 in Surry and \$1,972,10.2½ in Sussex.

The will of Jane Blunt was dated October 29, 1775, and proved in Sussex February 18, 1779. Legatees: daughter, Dolly, sons, Thomas, Collin and Richard. Brother, William Nickelsen, and son, Thomas, executors.

The will of John Blunt (brother of Colonel Richard) was dated August 23, 1776, and proved in Sussex April 21, 1785. Legatees; mother, Ann Green, and brother, Benjamin Blunt.

The will of Mrs. Ann Green (evidently the mother of Colonel Richard Blunt) was dated Jan. 17, 1785, and proved in Sussex June 15, 1786. Legatees: granddaughter, Anne Cocke, Elizabeth Jones, Elizabeth and Ann Edwards, and son, Benjamin Blunt.

The will of William Blunt, dated November 6, 1792, proved in Sussex, December 4, 1794. Legatees; wife, Frances, minor sons, Robert, William and Walter, all his lands in Surry (except that which Henry Howard (or Havard) devised to testator). Wife and son, Samuel, executors. In a codicil provision is made for an unborn child. The will of the widow Frances Blunt was dated April 4th and proved in Sussex December 3, 1795. Legatees: father, Peter Jones, sons, Anselm, William, Robert and Walter Blunt.

The will of another William Blunt, styled William Blunt, Sr., was dated January 3rd and proved in Southampton September 13, 1787. Legatees: wife, Mary; son, William; grandson, Jesse Drew; daughter, Ann, wife of William Wright; daughter, Rebecca, wife of Littleberry Mason. Friends, Benjamin Blunt, Thomas and John Turner, and brother, John Blunt, are to

divide his property between his children. (This was probably the son of Richard Blunt, whose will was proved in 1747.) Rebecca Blunt and Littleberry Mason were married in Jan., 1783.

There are other later wills of the Blunts in Southampton. Colonel Benjamin Blunt was County Lieutenant of Southampton in 1781 (and probably before), and in September, 1781, was in command at Surry Old Court House, of a force of militia from Southampton, Greenville, Brunswick, Sussex, Dinwiddie and Amelia. He probably had a command in the militia at Yorktown, and was still County Lieutenant of Southampton in 1787.

Mrs. L. L. Chapman,
Smithfield, Va.

My dear Mrs. Chapman:

Some few days ago I wrote Mr. R. A. Edwards,
Clerk of the Court of Isle of Wight County, asking that he send me
an uncertified copy of the wills of:

- (a) William Blount;
- (b) Richard Blount.

These wills are shown as being of record in Isle of Wight
County in the Registry of the Willis of Virginia.

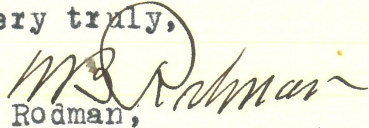

Mr. Edwards writes that the papers referred to in the
Registry of Wills were inventories of the estates in this County;
therefore, they seem to have left no wills. Both estates were small.

Mr. Edwards in his letter states that you have been making
quite extensive searches of the records of Isle of Wight County for
wills, etc.

Records of North Carolina show that prior to 1670 one
Capt. James Blount settled in Chowan County, N. C. He lived there
until he died in 1686, leaving a will naming his children and some of
his grandchildren. There is, or was, of record in Chowan County,
N. C., a deposition which shows that prior to 1660 Capt. James Blount
was living in Isle of Wight County, Va.; that he had his home there
and family and servants.

I am wondering if, in your investigations, you have had
occasion to either make a search as to this James Blount, or have run
across any reference to him. If so, I would appreciate it if you
would kindly advise me what it would cost me to get copies of such
information as you may have found in your investigations. I enclose
stamped envelope for reply.

Yours very truly,

Mrs. Blanche A. Chapman,

My dear Mrs. Chapman:

Please accept my thanks for your very kind and interesting letter of the 15th and the information therein contained. No doubt your investigations have enabled you to learn much more of the Blunts of Virginia than I know.

I assume, of course, that you have seen a copy of the "Genealogical Chart Blounts and Blunts" published in 1902, by Miss Helen M. B. Prescott, of Atlanta, Ga., I think. Her chart deals largely with the Blounts of England, and some of those that settled in North Carolina, and more particularly with the descendants of Captain James Blount, who lived in Isle of Wight County, Virginia, between 1650 and 1667, about which time he moved to North Carolina and located in what is now Chowan County, becoming one of the Deputies of the Lord Proprietors.

By her chart the original spelling of the name was Blount. It is an old family, the founders thereof in England having been members of the forces of William the Conqueror.

John, Richard and Edward Blunt were among the subscribers to the "Virginia Company of London." No doubt Humphrey Blunt was among the very early settlers of Virginia, as Blunt Point on the James was named for him, he being killed by the Indians in 1610.

The first entry of a grant to anyone by the name of Blunt that I could find in the Land Office at Richmond was to Gilbert Blunt, July 16, 1652, for 320 acres on the North Side of Yorke River and upon an Eastmost head branch of Peropotank River, being bounded by the said branch on the Southermost side and on the Eastermost side with the head run of the said branch that divides it from the land of Winfield Webb beginith and Cheskayack path by the side of the said run, etc. for bringing in Gilbert Blunt, his wife, his brother Wm. Jackman, Eliza Wills, Anne Dodson, Anne, Wm. Blythe, Jane Blythe.

The next Blunt Grant that I found was to Thomas Blunt and Richard Washington, dated 29 April, 1682, for 320 acres in the Upper Part of Surry County.

As you, of course, already know there was a quite extensive settlement of Blunts in Surry County. I was not especially interested

Apr. 25, 1933.

in any of these. My interest, as stated above, is in Captain Blount.

The evidence of Captain James Blount having land in Isle of Wight prior to 1660 is an affidavit or deposition taken in a suit pending in Perquimans County, North Carolina, in 1696-1697, to establish the identity and legitimacy of the children of one of the parties- they being the descendants of an apprentice to the father of the witness and his wife, Anne, who was a servant in the home of Captain James Blount, in Isle of Wight County in 1660.

Not finding any grant to Captain James Blount, it occurred to me that he may have bought the tract of land on which he was living and sold it when he went to North Carolina. From what you and the Clerk of the Court wrote, the records of Isle of Wight are not full and complete.

Would you mind advising me the earliest record you found in Isle of Wight- not of Blounts alone, but of anyone; it was established in 1634.

Have you ever found the Quit Rent Rolls of Isle of Wight for the early years prior to 1700.

Of course, you know that Thomas Blunt was quite active in the affairs of the colony in Surry; held about 1300 acres of land in 1704; was an Indian interpreter, etc.

If you feel inclined so to do, and can give me the name of the Blounts from whom your husband traces his ancestry, I will send you with pleasure anything I find which may be helpful.

Yours truly,

CHARLOTTE ALLEN
SECRETARY TO COMMISSIONER

Dear Mrs. Chapman:

I beg to acknowledge your letter of
January 25 with enclosures.

I had most of the Blunt record, but was
exceedingly anxious to prove the parentage of
William Blunt, Dr. Samuel Blunt's father. I think
he was the same William who married Ann Nicholsons
1756 of Surry or Sussex, Martha Peete 1765, Mary Ridley
of Southampton at a later date and Frances Jones at
the end.

The Benjamin Blunt who married Margaret Kello
was my great-grandfather through his daughter Frances
who married Edward Anderson Scott of Prince Edward in
1840. She did not marry Camillus Trevillian which
is stated in the chart you enclose. As you will note
from Benjamin Blunt's Will, the daughter Frances was
left to the guardianship of Mrs. Francis Irby. Grandmother
was reared in the home of this aunt or cousin in
Nottoway county, with the part of the estate "left for
her genteel support," having been left an orphan at
an early age. Some time when you are at the Library
call me (3-8201) and I will bring the chart over to
have you make this correction.

I am enclosing amount due you according to
statement. Thanking you for your trouble -

Very truly yours,

Charlotte Allen

Dearest Blanche: I am returning to you the Briggs and Edmund ^{Blunt} data, together with the Edmunds & Irby data I had gathered. A blue print of your chart is enclosed & when 3 more are made I will return the original. They misunderstood me. I have added the Irby connections and the wills to show the line. You can see it is the Lucas line I now lack - John Lucas' father. I have found in my file & copied for you, the marriages of all four daughters of George Briggs of Sussex, Sarah Mary, Frances & Rebecca. All named in his will.

Thomas Edmunds d 1738 m. Anne Simmons dau of John Simmons, will dated Dec 7 Wright 18 June 1746 probated Southampton 14 Dec 1749. She m. 2nd Edmund Ruffin according to my notes.

So much has happened to me! We drove home via Alexandria La & had Thanksgiving dinner at Camp Claiborne with the 469th Engineers. Saturday Willis' Company was ordered on desert maneuvers and left in ten days. Myra & Bill returned here and Willis has gone "west" and we cannot know ^{where} until he reaches his destination. I fancy it's California. Hal, too,

is there and I am hoping the boys will get together but that's a faint hope.

Now for the really disturbing news. The Madam suffered a slight stroke day before yesterday. She is up and about but her speech is so affected that she can hardly make her self understood. We are hoping it will improve - in the mean time I do not leave her a minute. Hummie is in Cincinnati and will I be glad to see that white man when he walks in! I am alone in the house with the Madam at night but our "gold mine" Rose is here in the day time.

Very little will be done for Christmas I fear but we have so much to be grateful for that I don't in the least mind.

I think of you almost daily and wish I were more like you. There isn't any body I admire as much and the longer I know you the more I admire you.

This box is sort of odds + ends but your sleep for a hundred nights is enclosed.

My love to Betty Carter and the two Lirises. Hug the baby for me, why not call him "demi-plain".
A whole heart full for your self, angel.

Devotedly

Kitty
If I send you an extra blue print of this Blunt Chart will you give it to the D.A.R. library in Washington? That's why I had 3 more made. K.

Mrs. Blanche A. Chapman,
Smithfield Va.:-

Dear Mrs. Chapman:-

A distant relation
in Richmond, Miss Charlotte Allen,
has assisted me in establishing
my Blunt family line, which is
evidently that of Thomas Blunt.
I have copies of many records of
the early Blunts, but none that
gives the parents of "William
Blunt of Sussex", father of
Dr. Samuel Blunt. I do not
know how to connect this Col.

William Blunt back to Thomas.
Can you give me this information? This would make it possible for me to accept an invitation to Patriots and Founders.

What are your charges for this work? Well, would you prefer to give me this in exchange for all the Mississippi descendants of Dr. Samuel? I can send you certified copies of documents needed. I think I should qualify the "all", and say most, because I have never known some of the relatives.

Perhaps you can give me too the origin of "Bevely" as a family name. I am named for my grandfather Blunt, but do not ^{know} why he was given the name.

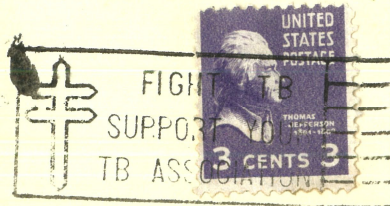

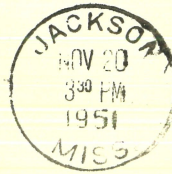

I shall appreciate your giving me some estimate as to the cost of this work, and I can then write you further. I think "William of Sussex" is probably the son of "William Blunt Sr.," as he is spoken of in some records, but have no proof.

If convenient please send
a reply soon.

Yours truly

(Mrs.) Beverly Blunt Price
